### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The claimed invention is a rubber composition comprising a styrene-butadiene copolymer (A) polymerized with a lithium based polymerization initiator, in which a polystyrene-conversion weight average molecular weight through a gel permeation chromatography is 400000 to 3000000 and a bound styrene content is 10-50 mass% and a vinyl bond content in butadiene portion is 20-70%, with 10-200 parts by mass of a hydrogenated styrene-isoprene copolymer (B) based on 100 parts by mass of the copolymer (A), in which a polystyrene-conversion weight average molecular weight through a gel permeation chromatography is 5000-200000 and a bound styrene content is 25-70 mass% and not less than 60% of double bond in isoprene portion is hydrogenated, and having a relation between the bound styrene content of the polymer (A) and the bound styrene content of the polymer (B) satisfying the following equation: bound styrene content of polymer (B) > bound styrene content of polymer (A) + 10(mass%).
2. The closest references of record are Parker Patent 5,221,714 in view of Takino et al Patent 4,946,887. The difference is that none of these references discloses a weight average molecular weight for polymer (A) and (B). The primary reference to Parker does not disclose a lithium polymerization initiator. Also, there is no motivation to combine the teachings of these two references for obtaining the claimed properties such as a relation between the bound styrene content of the polymer (A)=(styrene-butadiene copolymer) and the bound styrene content of the polymer (B)=(styrene-isoprene

copolymer) satisfying the following equation: bound styrene content of polymer (B) > bound styrene content of polymer (A) + 10(mass%).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
